

## 1 How to acquire a License

Ask for on proforma or an invoice and make a bank transfer (Ask us for bank info)

Email us the copy of your order and we shall mail you your copy with manual and optionally the USB dongle.

If you have a TNT, FEDE, UPS account we can use it, otherwise we shall charge you the TNT shipping cost if you need the software urgently.

## 2 Software Installation instructions

### 2.1 Test period

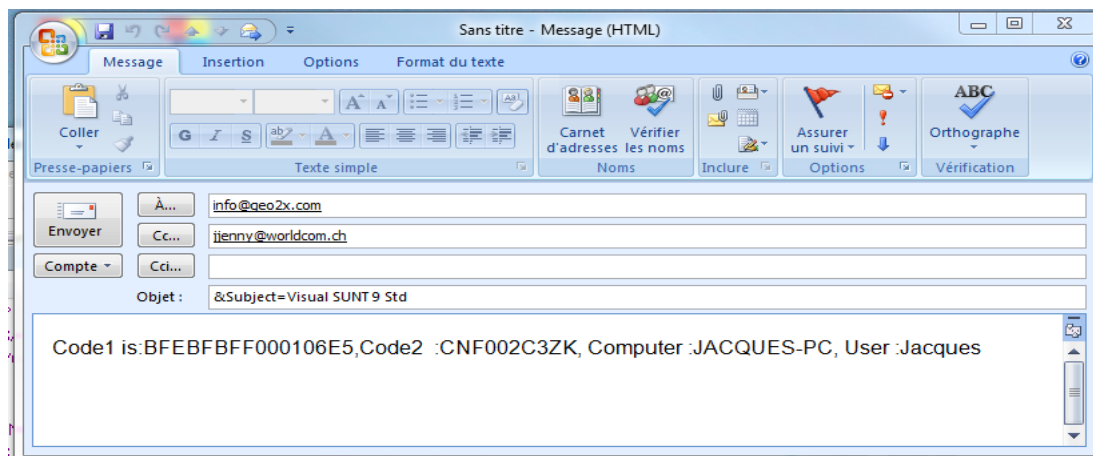

You can try all our software for 15 days, fully, with your own data (Only some large demo files are missing in Visual SUNT Pro Internet version).

### 2.2 You acquired a license with an USB Dongle

Just run the installation file from our DVD or downloaded file. If you plug the USB dongle (No driver are required) the software will works on any computer.

### 2.3 Your USB Dongle does not works

Run CODE\_INFO.EXE or send us the email with the computer data. The software will work only on this computer!

We shall compile and email you a special EXE version for YOUR computer.

The file will be compressed and attached to an email.

Expand the ZIP file and put a copy in a safe place

Copy the EXE file in the software folder (C:\WINSISM, C:\SUNT, C:\WIN\_DOWNHOLE C:\WINSEV6).
